Thornwood Primary School

Home Learning Week Commencing 04/05/20

Primary 7

Please find below a home learning grid with activities for your child to complete during the forthcoming week. There are literacy and numeracy activities which can be completed each day along with other activities which develop wider skills. Your child can select in which order they wish to complete the activities and should aim to complete them all within the week.

Read a chapter from your book and summarise it in no more than five bullet points. Next, write a prediction about what you think will happen next.

Chilli Challenge: Can you turn your summary into an illustrated story map?

We are living through an important moment in history!

Keep writing a short diary entry of your daily life. Have things changed since last week? How?

End your entry with something that you are grateful for.

Practise your use of descriptive language here:

Literacy

https://www.bbc.co.uk/bitesize/articles/z6wthb

There are three activities to help you develop your skills.
Can you complete them all?

Proofread a piece of your own writing from this week or last.

First, read it aloud and ask yourself if it sounds right.

Next, check and make sure that your spellings look right. Make a list of any tricky spellings and practise them using Look, Say, Cover, Write, Check.

Finally, redraft your work.

Go to https://newsforkids.net/ and read an article.

Create a mind-map of the key ideas from the article.

Make a list of any new or tricky vocabulary and check for understanding.

Chilli Challenge: Can you create an alternative headline for the article you have read? When on holiday, it is useful to be able to estimate the cost of items in our own currency.

Investigate which currency is used in Réunion and estimate the following values:

£2, £1.50, £2.50, £4.5, £8

Have a go at the White Rose Maths lessons.
There is 1 a day for each year group and they come with a video and questions.

Primary 7 is the equivalent to Year 6 but feel free to dip into other years for topics you need a bit more practice in!

https://whiterosemaths.com/homelearning/

Numeracy and Maths

Measure how far it is in meters to the kitchen from your bedroom. Now convert this into centimetres.

Don't forget what you said last week about what happens when you multiply or divide by 100. This will help you to convert it.

Repeat this activity with different areas in your home such as the front door or bathroom.

Practice your quick recall of table facts. You can do this any way that you wish! Ask an adult to test you, or check your speed here:

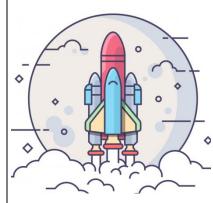

https://www.topmarks.c o.uk/maths-games/hitthe-button

Chilli Challenge: How well do you know your multiples and factors?

https://www.topmarks.c
o.uk/maths-games/multiples-and-factors

Practise your rounding skills here:

https://www.topmarks.c o.uk/mathsgames/rocket-rounding

Expressive Arts: Music

You have one more week to enter Glasgow CREATE YMI's 'Love From Glasgow' composition competition. There are prizes for first, second and third place worth a total of £300!

Science

Shells are made of Calcium Carbonate which has the chemical symbol CaCO3.

Watch the following video:

https://www.youtube.co

Health and Wellbeing: PE

Create your own workout to your favourite music. You could try to include the following:

- Squats
- Press-ups
- Planks
- Frog Jumps

Health and Wellbeing: Social and Emotional

Watch All You Need Is Love and discuss these questions with an adult at home:

Who were the Beatles? (How can you find out?) What do you notice

Modern Languages: French

Revise the days of the week and months of the year in French.

Write these out in words in French and practise your pronunciation.

Full details and top tips can be found at Glasgow Create's Twitter page and remember, you don't need a Twitter account to view this! You will need to ask an adult to help you submit your entry.

https://twitter.com/glas gowcreate

m/watch?v=6SMWGV-DBnk

Create a poster, fact file or presentation about the effects of Carbon Dioxide (CO2) on our oceans.

- Duck walks
- High-knees
 - Burpees

Stick to short bursts of 30 seconds followed by a short rest.

Remember to **always** warm up and cool down!

about the people, clothes, and musical instruments in the video?
The song says 'All you need is love' – what does that mean? Is love all you need? (What else do we need?)
What does it mean to

https://www.youtube.co m/watch?v=w_8_pbu_ cNo&feature=youtu.be

love someone?

Can you design your own French calendar?

Check out these websites to help you:

https://www.bbc.co.uk/ bitesize/subjects/zc7xp v4

https://www.culturethe que.com/EXPLOITATI ON/GBR/primaryfrench.aspx

https://www.thelangua gemagician.net/

Well done to everyone who has been logging onto Sumdog and Education City. I have been very impressed with some of your scores!

Remember to take some time away from screens.

Tweet us @ThornwoodPri with any work that you want to share.

Miss Ferguson ☺

Brass players: Take a look at the Brass Blog at https://blogs.glowscotland.org.uk/gc/brass/ where you can find lots of great resources. Make sure to watch Andy's videos for inspiration!
